

Our school is a well resourced and innovative learning centre, rich in heritage and tradition. The students are immersed in up-to-the-minute technology through the use of interactive whiteboards, ipads and computer facilities in every classroom whilst being surrounded by beautifully landscaped grounds and purpose built play equipment.

Teralba Public School

Opportunity, Achievement, Success in a Caring Community

Give your child the best start - choose Teralba Public School. A great school, close to home.

One of the most important decisions a parent can make is the decision about their child's education. In choosing Teralba Public School, your child will be educated by innovative and exciting teachers who go out of their way to ensure that each child enjoys their school experience.

As a small school, every staff member knows each child individually. We cater to your child's strengths whilst constantly improving their weaker areas. We challenge them in a safe environment, helping them to achieve their full potential. With the programs that we run, our students make great improvements in all areas.

Our school is a fantastic place of which I am very proud. I invite you to visit us and discuss how we can best meet the needs of your child.

Richard Metcalf
Principal

A friendly, caring and safe school

Teralba Public School offers a welcoming, friendly community environment that values opportunities for parent participation. Our students prosper in a safe, inclusive and nurturing learning environment that develops respect, understanding and responsibility. We are a family school that listens and understands the needs of our community.

A rich learning experience

We provide diverse academic programs designed to challenge and inspire our students. Our highly dedicated staff and excellent facilities offer your child the very best opportunities for success including;

- A strong emphasis on literacy and numeracy with consistent student growth in NAPLAN test results
- Stimulating education programs that meet individual needs, including specialised support for students with difficulties in learning
- Opportunities for all students to display their talents and creativity
- Safe, secure and disciplined learning environments
- Up to date technology with interactive whiteboards and six ipads in every room, a well resourced computer lab and cluster of mobile laptops - all with wifi access to the internet
- Caring, dedicated and professional teachers who inspire a love of learning
- Small class sizes that provide students with individualised learning opportunities

"We love the small classes and how all the teachers are very approachable. Small class sizes provide extra support to students who need assistance in learning."
Mrs Smith and Mrs Luzzi

Quality education in a small school environment

Our school is small enough to offer individualised learning while students benefit from being a part of the largest educational system in the southern hemisphere. This allows world class programs and learning initiatives to run within a small school setting.

At Teralba Public School, our experienced and highly motivated staff work in conjunction with dedicated and enthusiastic support staff to provide all students with small group and individualised learning opportunities specific to their needs. Our small class sizes provide extra support to students who may need assistance in developing their literacy and numeracy skills.

Healthy and active students

Participation in sport builds teamwork, confidence and leadership in our students. We provide daily physical education and access to a range of sporting events including gala days, knockout competitions and sporting carnivals.

Dedicated and caring teachers

Teralba Public School prides itself on delivering quality education. Our teachers are professional, caring and committed and provide a nurturing environment where the welfare of students is of the utmost importance.

Our teachers have strong cooperative relationships with parents. We encourage parents to be active participants in school decision-making and to have valued input into the education of their child.
